

Introduction to library and information services

26 August 2010

International Master's programme at LTH, Lund
2010

LTH Libraries

**Library of Chemistry
and Chemical
Engineering**

**Library of
Architecture &
Design**

**Library of Civil
Engineering**

Library of E-huset

**LTH
"Kårhuset"**

Library of LTH Study Centre

Library of Mathematics

Physics and Astronomy Library

John Ericssons väg

Sölvegatan

Tornavägen

Library and information services

- Collections and library catalogue "Lovisa"
- Electronic library "ELIN"
- Ordering of books and photo copies
- Help and support from the libraries

Collections and library catalogues

- Find books within Lund university in the library catalogue, "Lovisa" <http://lovisa.lub.lu.se/>
- Find books within Swedish universities in the national library catalogue, "Libris" <http://libris.kb.se/>

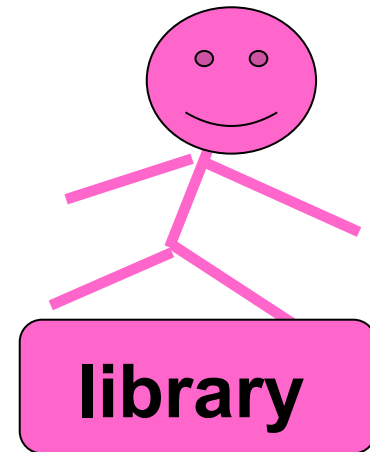

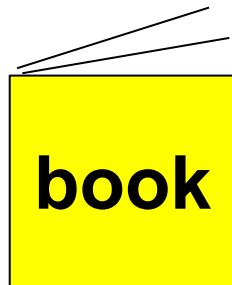

Lovisa

LIBRIS 

Book transports between libraries at Lund University

- There is a service of book transports between libraries at Lund University
- Possible for you to order books from any LU library to your preferred "pick-up" library

Electronic information resources

• Electronic information resources consist of:

- Electronic journals
- E-books
- Databases

The logo for ELIN@, featuring the text "ELIN@" in white on a dark blue rectangular background.

• Lund university has a major collection of electronic information resources, which are accessible via the portal "ELIN" <http://elin.lub.lu.se/elin?lang=en>

Electronic information resources

ELIN is accessible via the university campus network, and it is also possible to access ELIN outside university campus network with your StiL-ID, see

<http://www.lub.lu.se/index.php?id=40&L=1>

The logo consists of the word "ELIN" in a white, sans-serif font, followed by an orange "@" symbol, all set against a dark blue rectangular background.

Ordering of articles and books – interlibrary loans

- It is possible to order articles (photocopies) and books (loans) from other libraries via the interlibrary loans service.
- Use the order forms available on the websites of the libraries.

Lund university libraries network

- Lund university has about 30 libraries with several common services, such as library catalogue "Lovisa", electronic library "ELIN", website etc
- Students and researchers should register for a "home library" within Lund university libraries, but are welcome to visit and use all libraries
- For information on the libraries see:
<http://www.lub.lu.se/en.html>

Visit your LTH library...

Now, follow us to visit your LTH library in order to:

- **get a library card**
- **get further introduction to library services within your subject area**
- **meet the librarians at your library**

Some help to find your library...

Master program:	Library:
➔ Biotechnology	Library of Chemistry and Chemical Engineering
➔ Food Technology and Nutrition	Library of Chemistry and Chemical Engineering
➔ Nanoscience	Physics and Astronomy Library
➔ Photonics	Physics and Astronomy Library
➔ Sustainable Urban Design	Library of Architecture & Design
➔ System-on-Chip	Library of E-huset
➔ Wireless Communications	Library of E-huset
➔ Water Resources	Library of Civil Engineering

Welcome to LTH Libraries!
