### ORIENTATION PROGRAMME

An orientation programme of three to five days for new incoming international students is arranged twice a year, at the beginning of each semester. During the academic year 2016-2017, the autumn semester orientation will begin on Tuesday, August 23, 2016 and the spring semester orientation on Monday, January 9, 2017. It is highly recommended the student to arrive in Rovaniemi at the beginning of a semester in order to be able to participate in the orientation and optimise his/her study opportunities.

### STUDENT TUTOR

Each new student is assigned a fellow student tutor who will help him/her with the first steps of living/studying in Lapland. Student tutors are voluntary and trained for their duty. Tutors will contact an incoming student by email before she/he arrives to Rovaniemi and arrange a meeting upon the international student’s arrival. Tutors will also help the student with the formalities at the university, as well as with practical issues.

GRADING SYSTEM

Finnish universities use numeric grading scales. At the University of Lapland, the scale used is from 5 (excellent) to 1 (sufficient). Please note that some courses are given only on a pass/fail basis without any further grading. In this case the mark ‘pass’ appears on the transcript. Every passed course and examination taken is recorded on the student’s personal transcript. Failed courses do not appear on the transcript of records. Below is a comparison table with other grade scales.

CREDIT SYSTEM AND WORK LOAD PER YEAR

The University of Lapland has completely adopted to the ECTS credit system (international abbreviation: ECTS cr.). The estimated work load for full time student in one academic year is 60 ECTS credits, meaning 30 ECTS credits per semester.

Credits are used to define the extent of a given course. Lectures, exercises, seminars and other forms of instruction (e.g. the writing of essays; lecture journals; preparation for examinations, etc.), as well as independent research, are all taken into consideration when the number of credits for each course is being calculated. Please note that a credit does not refer to the duration of a course, but to the estimated amount of work required. One credit refers to approximately 26–27 hours of work by the student.

MANDATORY INSURANCE

The University of Lapland’s policy on student insurance requires that all international students obtain their own insurance, and that the coverage be valid for the entire duration of the student’s stay at the University.

The insurance must cover medical care and personal injury, and should also contain liability coverage for loss or damage. Proof of valid insurance coverage is required upon registration at the University of Lapland.

EU regulations on social security apply in Finland: EU (and EEA) citizens receive necessary medical services from the public health system and the Finnish Social Insurance Institution (KELA), even during short stays. All EU/EEA students are required to obtain the European Health Insurance Card from their home country and to carry it with them at all times. The European Health Insurance Card is also needed when travelling to EEA countries during your stay in Rovaniemi. Please note that this card only covers emergency treatment, so you must take out additional insurance before you travel. Please, contact your local authorities to obtain the card, and make sure that you have all required documents concerning social security and health care coverage before you come to Finland.

RESIDENCE PERMIT

1. Citizens of the Nordic countries need not apply for a residence permit but must complete a notice of removal (in Finnish: muuttoilmoitus) if your stay in Finland lasts more than three months. Please see also HalloNorden! information pages (www. hallonorden.org) for possible practices of your home country and www.changeaddress.fi for more details.

2. Citizens of other EEA countries need to register their right to reside in Finland if they plan to stay in Finland for more than three months non-stop. They can do the registration at the local police station in Rovaniemi within 90 days of their arrival to Finland. See Finnish Police’s information on Licences and permits for foreigners (www.poliisi.fi).

3. Persons from outside the Nordic and the EEA countries who intend to stay in Finland for more than three months (90 days) need a residence permit. It should be acquired before arrival in Finland at the nearest Finnish embassy or consulate. A student granted a place of study in a Finnish educational institute may now submit an application for a residence permit electronically online. See detailed information on the Finnish Immigration Internet service [www.migri.fi/studying_in_finland]

The University of Lapland only provides the above information as general guidance regarding residence permits and visa issues and is in no way responsible for official rules and regulations regarding their distribution. As immigration policy is subject to change, all international applicants should consult the Finnish Immigration Service on www.migri.fi for up-to-date information regarding residence permits and the rules and regulations concerning them.

WEBODI – STUDENT INFORMATION SYSTEM

WebOodi is a student information system used at the University of Lapland. Through WebOodi, students can for example check their personal data and credits, browse study guide information, register for courses and exams, order a transcript of records to your email (official copies will be issued by the faculty office), and give feedback on courses.

All students receive user name to WebOodi after their arrival to University of Lapland and system will be introduced to students in more detail in the beginning of your studies. See WebOodi at: https://webodzi.ulapland.fi/lay/.

STUDENT FEES

The University of Lapland does not charge tuition fees from students enrolled in regular degree programmes. However, there are some compulsory fees connected closely with the studies. Before registering, a student studying for a degree must pay the annual membership fee (105€ in 2016-2017) of the Student Union of the University of Lapland (LYY).

For exchange students, membership is voluntary. International exchange students are entitled to join if their studies and stay in Finland last for more than 3 months.

After paying the fee, the student receives the official student card and is entitled to subsidised lunches in University restaurants, services of the Finnish Student Health Care Service (YTHS), services provided by the Student Union, possibility to obtain Student Sport Pass, discounts on train tickets and long distance bus tickets, discounts at youth hostels, museums, theatres, concerts, swimming pools, shops, ski resorts, restaurants, etc.

In addition to the compulsory fees and study materials, student must be able to pay for his/her food, housing, clothes, social life, etc. The use of libraries is free (except for inter library loans and photocopying services) but students must normally buy some basic books to use as a reference library at home. Living expenses for a single undergraduate (BA, MA) student average EUR 560–930 per month. Doctoral level students living expenses are higher (about EUR 1200–1500 per month), because they are not entitled to same benefits as BA and MA students.
