

# What jobs will there be in the Bioeconomy?

LUBIRC PhD student day, October 25 at Park Inn By Radisson

*During this day we will reflect on how Bioeconomy may affect the need for new competence in the job market in the future. How do actors in the Industry and society think about these questions?*

*As always, a LUBIRC meeting is also a chance to get updated on current research and for this reason....*

**We encourage participants to prepare a 5-10-min “selling” presentation about your research, and also to bring a poster from your own research work!**

## Agenda

10.00 Welcome and coffee

10.15 *The transition to a biobased economy – implications for transformation of incumbent industry* - **Johanna Mossberg**, RISE Bioeconomy, Göteborg
