LOL'ing so hard. RT @ai.msipeng At a tech startup talk. This is what the about working w academics

Working with academics

• Annoying
• Terrible time management
• Have different goals
• Usually don’t have money

Martin Glinz: why academia and industry did not succeed to work together. @WC_REFSQ

01:11 - 31 mar 2015 · Detaljer
Or path to success?

Growing appetite for university-industry collaborations
REF and 'impact agenda' makes sector look at collaborations with extra interest, scholars say
