Publication list- Eva Tornberg

Tornberg, E. Pneumatisk ventilhomogenisator i laboratorieskala. Livsmedelsteknik, 8, 409, 1977.

Tornberg, E., Granfeldt, Y. and Håkansson, C. A comparison of the interfacial behaviour of three food proteins adsorbed at air-water and oil-water interfaces. J. Sci. Food Agric. 33, 904, 1982

Tornberg E. Interfacial behavior of food proteins studied by the drop volume method.

Wahlgren, N.M., Tornberg, E. Ageing of beef studied by using different instrumental techniques and sensory tenderness. Proc. 42nd ICoMST, Lillehammer, 1996.
Wahlgren, N.M., Tornberg, E. Ageing of beef studied by using different instrumental techniques including NMR spectroscopy. Third International Conference on Application of Magnetic Resonance in Food Science, Nantes, France, September, 1996.

Tornberg, E., Andersson, K., Josell, Å. The rheological properties of whole and minced meat during cooking as related to sensory and structural characteristics. Proc. 1st International Symposium on Food Rheology and Structure, 16-20/3, Zürich, 1997.

Elena Bayod, Ene Pilman Willers and Eva Tornberg. Rheological and structural characterization of tomato paste and its influence on the quality of ketchup. LWT- Food Science and Technology. 2007 In press

Total amount of papers and proceedings: 145

Lund April 2008
