

Joint LLC Seminars Fall 2015

Johan Mauritsson

Atomic Physics, Lund University

*Controlling and probing atomic structures using strong
laser fields and attosecond pulses*

Thursday, September 24, 15:15, The Rydberg Lecture Hall

Christiane Timmel

University of Oxford, UK

*A bird's eye view of chemical compasses –
from model systems to proteins*

Thursday, October 29, 15:15, The Rydberg Lecture Hall

**The seminars are suited for a broad audience
and open for everybody**

The Rydberg Lecture Hall is located at the Department of Physics,
Professorsgatan 1
Coffee and refreshments will be served
before the seminars, from 15:00

Most Welcome!
