

# Study Engineering, Architecture and Industrial Design in Lund, Sweden

---

As a student at your home university, you have the possibility to pursue exchange studies at LTH, Faculty of Engineering at Lund University.

If you are an engineering student, you can choose among many engineering courses offered in English or pursue your degree project / master thesis in Lund. If you are an architect or industrial design student, you can pursue courses offered in English at the School of Architecture or the School of Industrial Design.

## **SWEDEN – THE LAND OF INNOVATIONS AND IDEAS**

Home of the Nobel Prize - the world's most prestigious academic distinction - Sweden is ranked as one of the best countries in the world when it comes to providing higher education. As one of the world's most creative countries, Sweden has a proud tradition of innovation and entrepreneurship.

## **LUND AS A STUDENT CITY**

Considered the number one city for students in Sweden, Lund offers an exciting campus environment with a vibrant student life, an international atmosphere, and memorable student traditions.

## **TOP 10 REASONS TO STUDY ARCHITECTURE, INDUSTRIAL DESIGN OR ENGINEERING AT LTH**

### **1. World-class education**

Lund University ranks among the top 100 universities in the world. As a country, Sweden is one of the best in the world at providing higher education.

### **2. World-leading research**

Our researchers are at the forefront of their respective fields. Innovations that have sprung from research at Lund University include Bluetooth technology, diagnostic ultrasound and IGSM mobile telephony.

### **3. Employability**

Lund University is well-placed in graduate employability rankings. Our engineering alumni go on to play important roles in industry, government and not-for-profit organisations all over the world.

#### 4. Industry contact

Courses often feature guest lecturers from all over the world and opportunities to visit local businesses. The engineering student union hosts a large careers fair every autumn where you will be able to speak directly to potential future employers.

#### 5. Highly dedicated teachers

Students will benefit from close relationships with professors and teachers, who will all work with them to help reach their full potential. The professors and teachers are active in research and have strong links with industry – both locally and internationally.

#### 6. Inviting campus

Lund University engineering campuses in Lund and Helsingborg are welcoming and lively, with plenty of natural meeting places for studying and relaxing. Getting around in Lund and Helsingborg is easy, whether on foot or by bike.

#### 7. International environment

The Faculty of Engineering, LTH is home to an average of 800 international Master's programme students and exchange students every year. There are plenty of welcome activities and events during Arrival and the student will be assigned an international coordinator who will help throughout the stay.

#### 8. Vibrant student life

Lund is a small city with a large student population with the unique combination of 13 student nations (large social clubs), an academic society and student unions organizing events and activities year round. There is always lots going on! Helsingborg is vibrant city located by the sea in the fast growing region of Öresund. It is easy accessible by train or car from Lund.

#### 9. Regional expansion

The Lund/Malmö/Copenhagen region has been ranked as one of the most innovative regions in the world. Companies with a presence here include Ericsson, Intel, Tetra Pak, Huawei, Skanska, Alfa Laval and Baxter. Two of Europe's largest research centres – MAX IV and ESS (under construction) – are in close proximity to the engineering campus.

#### 10. Location location location

It is quick and easy to explore the rest of Europe when you live in Lund. Copenhagen's large international airport is only 30 minutes away by train
